

# MANAGEMENT INFORMATION SYSTEMS QUARTERLY

## Table of Contents

September 1983

Volume 7, Number 3

EDITOR'S COMMENT .....	iii
------------------------	-----

### APPLICATION

"Information Needs of Top MIS Managers," E.W. Martin, Indiana University .....	1
--	---

*Explores the information needs of top MIS executives using a CSF approach.*

"The Impact of Information Management on the Organization: Two Scenarios," Daniel J. Power, University of Maryland .....	13
--	----

*Presents two scenarios that may help managers to anticipate the effect of information management on organizational decision making.*

"Diagnosing and Treating the Credibility Syndrome," William J. Doll and Mesbah U. Ahmed, University of Toledo .....	21
---	----

*Examines the credibility syndrome, a special case of MIS development failure, in order to better understand its causes, characteristics, and its consequences.*

"Computer Assisted Planning (CAP) at Dinero International Bancorporation," James R. Doyle, James R. Doyle, Associates and Jack D. Becker, University of Missouri-St. Louis .....	33
--	----

*Describes three inter-related computer based systems that were designed and developed to assist with the implementation of a major long-term holding company.*

### THEORY AND RESEARCH

"Successful Development Strategies for Business Application Systems," James D. McKeen, Queen's University .....	47
---	----

*Discusses the relationship between the time spent in various phases of the development life cycle and the outcome of the development in a field study of thirty-two business application systems.*
