

Post-ICIS *MIS Quarterly* Reviewer Development Workshop

MIS Quarterly will offer a post-ICIS Reviewer Development Workshop on Sunday, December 16, 2018 from 2:00–6:00 p.m. at the ICIS conference location (exact location will be posted later).

Individuals interested in participating in the workshop are requested to complete the following application form by September 7, 2018: [Application for Post-ICIS MISQ Reviewer Development Workshop](#).

The workshop has a limited capacity of 50 selected applicants.

There is a \$100 registration fee for the workshop.

Workshop Objectives and Design

MIS Quarterly expects virtuous reviewing as described in the following editorial: [Writing a Virtuous Review](#). The objective of the workshop is to coach participants who have reviewed, or are interested in reviewing, for *MISQ* on how to develop a virtuous review. The workshop is designed to provide participants in the workshop with (1) feedback from *MISQ* Senior Editors and Associate Editors on a review that the participants develop for the workshop and (2) the opportunity to discuss with editors and other participants on how to develop a virtuous review.

Based on research expertise and interests, participants will be assigned to review the initial version of a paper submitted to *MIS Quarterly* whose review process has concluded. Participants will be expected to submit their review prior to the workshop.

The workshop will include

1. Roundtable discussions among participants and *MISQ* editors to provide feedback on reviews submitted by participants
2. Roundtable discussions among participants and *MISQ* editors of the “actual” review packets for the paper through rounds of the *MISQ* review process
3. Editors’ panel discussion on characteristics of virtuous reviewing, structuring reviews, and reviewing revisions

Important Dates

September 7, 2018	Application submission deadline
September 14, 2018	Notification of acceptance to the workshop
October 2, 2018	Distribution of papers to be reviewed
November 20, 2018	Reviews due
December 16, 2018	Workshop date
